Prime Puerto Rico Partner

## What is a Healthcare Connect Fund Approved Consortium for the FCC?

---

A consortium is two or more health care providers (HCPs) that choose to request support as a single entity. Organizations must be considered Rural by the Federal Communications Commission **or belong to a Consortium** to constitute itself as a legally recognized entity to simplify contracting with service providers.

### Consortium Approved in Puerto Rico

- CommunityHealth IT is very excited to be working with Comunidad Saludable de la Montaña a Non-Profit Organizations to bring Puerto Rican eligible medical facilities, hospitals, and the university the opportunity to receive up to 65% reimbursements of what they spend on broadband and telecommunications from the United States government.

## To qualify an organization must be a non-profit or public:

---

- Community Health Center
- Community Mental Health Center
- Skilled Nursing Facility
- Post-Secondary Learning Institution
- Rural Health Clinic
- Hospital

## Puerto Rican organizations must belong to a Consortium

---

Because all of Puerto Rico is considered URBAN, The FCC-approved CommunityHealth IT Consortium is working with Comunidad Saludable de la Montaña to make this happen.

— ***Be part of the healthcare modernization in Puerto Rico.***

## Advantages of Broadband and Equipment Improvement

---

- Increased access to services.
- It is cost effective.
- Provides quality services.
- There is tremendous demand from the public.
